North Main St is completed.
District water is very work intense right now, doing 5 to 6 filters a day to have good water. Thinking it is from the water tables being higher. Having organics tested in the wells right now. Spoke to Dennis Maher regarding a quote for 2 test wells.
Fluoride, Matthew Hacheson, a Orono resident has contacted Orono, Veazie Town Managers and The Water District to see how to get it on the ballot regarding fluoride removal from the towns water supply.
Rate Increase. The Trustees gave permission to proceed with the rate increase.
1215 State St THM – 63.3 HAA5 – 3.7
Student Union THM – 37.1 HAA5 – 17

We expect they will continue to drop. We have ordered TOC bottles for each well to see how the organics are doing as well as ordered our own kits to test throughout the year.

Trustee's approve to move forward with the plants filters upgrade greensand and anthracite in the filter vessels.
