4. Review of financials
5. Uniform Code of Accounting 1984 - Water Operation and Expense Account code Standards
  - a. Discussion of Accounting codes
  - b. Currently Boyd's salary is split between line 601 and 603
  - c. Ken moved that in the accounting codes, we assign all of Boyd's salary into 601 moving forward and transfer anything paid to Boyd under 603 to 601 for January 2021. Farahad second. All approved.
6. Superintendent's Report
  - a. Filter plant is doing well. Raised the back wash and this has helped filter 3.
    - i. Once UMaine leaves for the summer, they will backwash filters 1 and 2.
  - b. Water levels down a little bit, but likely ground water.
  - c. New software system for accounting is going well.
    - i. Delinquent accounts are coming in better than they were last summer. Not an abnormal number of these at this time.
  - d. Putting out bids for wells to be done this summer. Want to continue to use Pantomite as it worked well in the work last summer.
  - e. Orono Fire Dept will accompany OVWD on a ride along this summer to flow test the hydrants.
  - f. OVWD has manual parameters on the chemical pumps and alarms to ensure security of water treatment chemicals in the water
  - g. OVWD and Old Town WD staff work in similar in enough systems that staff could help each other keep systems running in case of emergency
7. Future Meetings – 3/9 and 4/13
8. Farahad move to Adjourn, Deb second. All approve. Adjourned at: 7:40 pm.
