6. Review of Financials
 - Vendor Balance
 - Profit & Loss
 - Transactions
 - Balance Sheet
7. Superintendent's Report

Wells- Dennis Maher redeveloped well #1 and well #2. Both were developed with new chemicals that we have discussed with Carry and Kyle from Woodard & Curran and seemed to work great.

Plant- continues to do great with the guys still doing changes with chemicals. Iron & manganese low. Turbidity doing awesome. The guys have been changing meters and receiving great comments about our water.

Infrastructure- N. Main St has started. Hughes Brothers from Hampden got the bid at \$158,700.00. Olver Associates from Winterport will be doing the project for The District and the Town. Conversations between Boyd and Mandy regarding engineering costs should be around \$15,000.00 to stay below the \$175,000.00 budget for the job if all goes well. They started digging today.

Mill St- The Town of Orono has started Mill St. Northeast got the bid \$187,000.00. Boyd spoke with Sophie, Orono Town Manager on why The District can't and should not contribute to Mill St.

Miscellaneous- The guys have been repairing service boxes and gate boxes as well as repairing and painting hydrants.

Legionnaires Disease- Maine Drinking Water program contacted Boyd regarding 2 confirmed cases of legionnaires disease in the Veazie area. The Drinking Water program is bringing us sample bottles tomorrow to take samples at the District's sampling sites.

8. Public Comment and Questions
9. Trustee Comments / Request for Information
10. Future Meetings – September second Tuesday Orono
11. Adjourn at 7:54 pm.
